Christina,

Wonderful, thank you! Attached here is the consulting party letter and a map showing the project area. Please contact me with any questions or comments!

Thank you,

Megan Shaeffer

Hi Megan!

We do not have one address and will be transitioning our leadership in June but this email will stay with the new leadership. That was a long way of saying please email the letter to this address. :)

Please let me know if you need anything further.

Thanks again,
Christina

Message: Hello,

I am the Cultural Resources Coordinator for the Conservation Department of Summit Metro Parks. I am currently working on a review of the historic and archaeological properties for a project the parks is working on with the Ohio EPA and several other partners which will entail the removal of the Gorge Dam in Gorge Metro Park. I would like to invite you to be a consulting party in this review as we work to

identify historic properties in the project area that may have historical or cultural significance, and if such properties exist, to help assess how the project might affect them.

I am writing to inquire if there is a physical address for your DAR chapter so that I can mail you the consulting party letter. I can also email it to you if this would be more convenient, just let me know!

Thank you,

Megan
